General Information

Evergreen orders are dug and immediately placed inside our large storage shed where they are protected from unfavorable weather conditions.

Deciduous stock is kept in our cold storage shed and is available for immediate delivery at all times.

Potted roses will be started in cold frames and ready for delivery, in foliage, between May 1st and 15th.

You are welcome at all times to visit our nursery.

Terms of Sale

All nursery stock is offered subject to prior sale, with no warranty expressed or implied, net and FOB our nursery. We exercise the greatest care to keep our varieties true to name and hold ourselves in readiness to replace at any time, on proper proof, any nursery stock that may prove otherwise or to refund the amount paid, but it is mutually agreed that we shall at no time be liable for any amount greater than that originally paid for the nursery stock in question.

Terms are net.....no discounts allowed.

Packing charges: For LCL shipments of B&B stock add \$.45 per tree. On bare root deciduous stock, packing at cost. No packing charge on evergreen lining-out stock.

All shipments travel at purchasers' risk.

POTTED ROSES

POTTED ROSES

ALL plants are Northern California grown, heavy, No. 1 Grade.

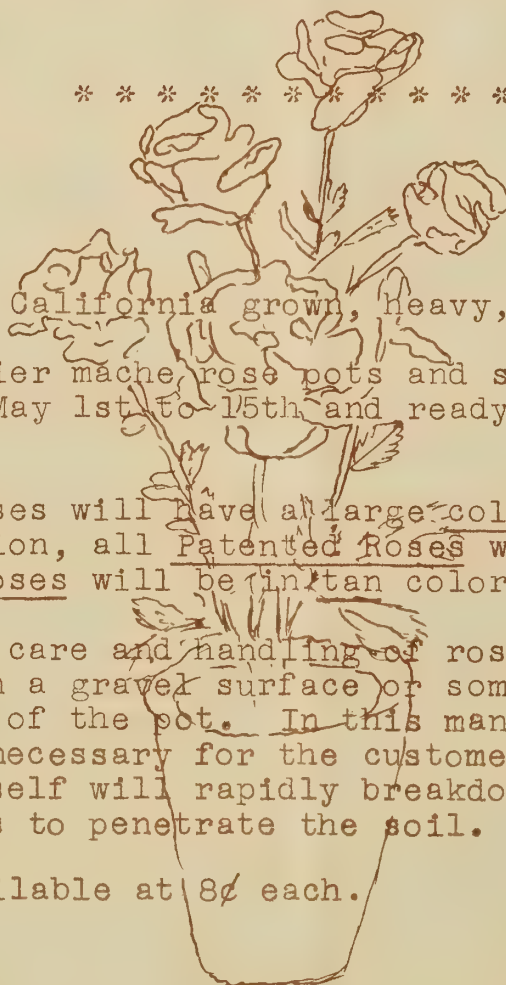

ROSES are potted in papier mache rose pots and started in cold frames. They are leafed out by May 1st to 15th and ready for delivery to our customers.

THIS year all potted roses will have a large colored tag attached at no extra charge. In addition, all Patented Roses will be in green colored pots and Non-Patented Roses will be in tan colored pots.

SOME suggestions on the care and handling of roses in papier mache' pots: They should be placed on a gravel surface or some other media which allows air to reach the bottom of the pot. In this manner, no rotting of the pot will occur. It is not necessary for the customer to remove the pot when planting, as the pot itself will rapidly breakdown on contact with the soil and allow the roots to penetrate the soil.

Color cards, 5"x7", available at 8¢ each.
